## NOTICE OF DISCONTINUATION

Dear LECO Customer,

This notification is to alert you of upcoming product discontinuations, so you can be prepared for changes in support and parts availability. LECO supports its products beyond the end of manufacturing for a number of years with parts and service, but must discontinue support as technology changes and spare parts are no longer available.

**TC500     NITROGEN/OXYGEN ANALYZER**

**TN500     NITROGEN ANALYZER**

**RO500     OXYGEN ANALYZER**

*(DOS-Based Internal Processor without External PC units only)*

We will continue to service your instrument until January 1, 2014 without any restriction and will supply parts, provided that the required parts are available. If so desired, you can purchase an upgrade to the current configuration with PC. Please contact the LECO Corporation Service Department to purchase the upgrade.

*TC500 External Computer Upgrade Kit – part # 617-839*

*TN500 External Computer Upgrade Kit – part # 617-845*

*RO500 External Computer Upgrade Kit – part # 619-847*

LECO will discontinue all field and in-house repair of these units and their associated subassemblies as of that date. After this date, support will be limited to telephone assistance only. This advance notification is intended to provide you with time to investigate your options. We apologize for the inconvenience this creates for you.

LECO is committed to provide the best products and support in the industry, and we sincerely regret having to take such action.

Please contact LECO or your local LECO Sales Engineer for details and to discuss your options. Thank you for your loyalty and continued support of LECO Corporation.
